M/Y SEVEN7STARS

M/Y Seven7Stars is a beautiful 25.40 mt motor yacht, built in Viareggio by Antago Yachts in 2004 and meticulously renovated in 2018. Its large main aft deck, with a coffee table and a sofa, gives direct access to the bright lounge, which includes a spacious lounge and a table with seating for up to 8 guests. Its range of interior colors of white oak and dark wood is enlivened by colonial touches such as bamboo or Chinese decorations. On the lower deck Seven Stars has 4 beautifully furnished cabins: a master cabin, a VIP suite and two double cabins, all with independent AC system, TV and private bathroom. Its fly bridge is ideal for gathering and relaxing, with a large solarium, an outdoor dining area and a second driving position. The aft platform offers easy access to the sea and to the wide range of water toys.
